TSBIT MPC
Grade: 91%

2019- 2021
Hyderabad, India

Shantiniketan Model High School
SSC
Grade:83%

2019
Hyderabad,India

PROJECTS

Project 1: WhatsApp Image Classification and Separation Using Machine Learning

Jan 2024 Tools: Python, HTML (Front-end)

- Developed a deep learning model using CNN and Python's Keras library to automatically classify and organize Whatsapp Images .The model sorts study notes, notices, brochures, screenshots and photos into separate folders. This helps students to manage their study materials efficiently by reducing manual effort or private data across various storage system s or locations.
